

How to Record Cash or Checks Sponsorship on your Fund Easy Participant Page

A. Log into your personal Fund Easy Fundraising Page. (Screen shot below of participant page).

When you are logged into your personal account, you will see the green “Record Offline Gift” button. If you have received a cash or check (checks payable to “Assist Pregnancy Center”) contribution, you can easily record those amounts as an “Offline Gift” so they are added to your fundraising total. Click the “Record Offline Gift” button to do so.

(Log in to your page by visiting the event homepage here: <http://bit.ly/wrrforlife2017>)

The screenshot displays the participant page for the "Walk/Run/Ride for LIFE 2017" event. At the top, the event title is centered, with an "Edit Title" button to the right. Below the title is a photo of four women, with the caption "The 2016 Walk!" and an "Add Photos or Video" button. To the right of the photo, the participant's name "Leanna Baumer" and location "Arlington, VA" are listed, along with an "Edit Profile & Social Sharing" button. The beneficiary is "Assist Pregnancy Center, Annandale, VA". The fundraising progress is shown with a goal of \$1,000, \$325 raised, and 32% completion. A time remaining counter shows 30 days, 15 hours, 35 minutes, and 24 seconds. A blue arrow points to the "Record Offline Gift" button, which is circled in blue. Below the main content area are tabs for "Details", "Sponsors 5", "My Team 0", "Visitors 47", and "Updates 0". At the bottom, there is a "My Sponsors" section with "Add Sponsor" and "Print List" buttons, and a green "Online Gift" button.
